

European Society for Agronomy

ESA Divisions Meetings 2010

Montpellier Tuesday August 31, 2010
17:30 – 18:45

Location

- **Room Barthez: Division D1;** *“Crop System Biology: the functioning of the plant in a field”*; **Dimah Habash (Chair)** and Xinyou Yin (co-chair)
- **Auditorium Einstein: Division D2;** *“Field Scale Agroecology: The cultivated field as an ecosystem”*; **Muriel Morison (Chair)** and Christian Gary (co-chair).
- **Room Rondelet: Division D3:** *“Cropping Systems at Farm, Regional and Global Scales: the Cropping System in its embedding systems”*; **Olaf Christen (Chair)** and Marc Benoit (co-chair).

Participants

- ESA members who select the Division (D1, D2 or D3) as a priority (only members with 2010 fees paid can vote but anyone wishing to become an ESA member may attend)

Agenda

- The scope of the division: analysis of its relevance on the basis of papers submitted to Agro2010 and evolution of research context (presentation by division chair and discussion).
- Potential for collaboration with the others ESA Divisions.
- Potential for collaboration of this division with other European and international societies, groups or institutions in the same scientific area.
- The activities of the division in the coming two years: discussion and proposals to be made at the general assembly.
- Organisation of the division management (including candidate for renewal of the co-chair).
- Other points?
